

Envirowear® Fleece Liners

United's ECWCS liners are manufactured with Repreve® eco-friendly double-sided polar fleece

Approved as an APECS parka and trouser liner

Loose fitting for use over uniform

Construction provides comfort as well as durability

Made in the U.S.A. – Berry Compliant

United's Envirowear® ECWCS fleece jacket and pant liners are constructed of double-sided 200 weight eco-friendly polar fleece made with Repreve® recycled fiber.

The jacket has nylon reinforcement at the shoulder, elbows and collar. It has a full front zipper with a wind flap and pit zippers. The jacket has rank tabs and a drawcord at waist. Pants have nylon reinforcement at seat and knees, full length side zippers and a nylon covered elastic waist band with VELCRO® closures.

Now treated with DWR for inclement conditions
